LUX KING TECH

# LUXKING.NET

- The idea behind the creation of LuxKingTech is to provide a Decentralized Financial platform to community and our users can take profit from our services and products.
- We connect “everything” to community, but first we try to bring something benefit and save. In this way we connect products and services with investors, buyers and affiliates. This creates an economic cycle from which everyone benefits. LuxKing.Net as the platform's role has the focus to offer a very good infrastructure for the connection of services and products as well as investors and buyers. At the same time there is a quality control of projects published on the platform.
- Starting as a centralized entity, where optimizations can be carried out the aim is to become finally a fully decentralized financial platform.
